

Technical specifications

Polymer composite frame cover

RCFB125-800-800

Description	
Code	RCFB125-800-800
Type	Load class B125
Standard	EN 124
Manufacturer	Reco Production Ltd.
Specification	Locking system with four bolts, unscrewed by a special key
Material	Polyethylene, low pressure with additives and sand
Weight	60 kg \pm 2 kg
Color	Gray, Black
Advantages	Highly resistant to abrasion Possibility of affixing a logo 100% recyclable material Not of interest for thieves Does not absorb water
Environment	100% recyclable product /eco-friendly/
